

Are you Using GDI's Mobile App?

Account Management at Your Fingertips

- Use the GDI App for smart phone or tablet to access to your accounts.
- Check your available balance(s), file new claims and view account activity wherever you take your phone.
- Use your smart phone camera to photograph receipts and upload them to your account.
- The app works for all accounts: FSA, HRA, HSA and/or Commuter Benefit plans, so you know how much money you have available at all times.

GDI's Mobile App is Easy to Install

- Find GDI Mobile at any app store or use the link in the message center of the GDI participant portal homepage.
- Once you download the app, log in with the same username and password you use to access your GDI accounts on-line.
- Create a 4-digit passcode for smart phone or tablet access
- Set up text alerts for claim payments and get notices if receipts are needed. From the portal, select **Tools & Support**, then **Download Mobile App** to set your text message preferences.
